- Music, Dance & Culture
- Castles, Ruins & Archaeological Sites
- Gardens, Nature, Wildlife & Forests
- Historic Cemeteries & Churches
- Magnificent Unspoilt Scenery

*** We've Got it all ***

The Friends of St. Theresa's Hospital was founded in 1993 to compliment the work at St. Theresa's Hospital in Clogheen and help provide more dignity and comfort for patients at the hospital.

Funds raised are used to extend and renovate the hospital. Work began in 1995 providing an exceptional Day Facility servicing all South Tipperary. Since then a hospice room, oratory and office have been added to enhance the services provided to patients at the facility.

There are very few families in the region that have not experienced the wonderful facilities and staff at St. Theresa's Hospital at one time or another.

Requirement for funds at St. Theresa's, like any other hospital facility, are ongoing and pressing.

With your help this initiative will provide much needed funds to help support the facility.

All funds raised by KMD Active will be spent promoting the area and upgrading facilities for locals and tourists alike.

***Your Support
is Greatly Appreciated***
